This is my anecdote

Some time ago, my mom worked in Tuxtla, but I lived here in Comitán, with my grandmother, she cared for me. But a day, she was cleaning her fridge and I was play with my toys and I thought I would be a good idea to get in the fridge. But I didn't just get in HAHA after that I closed the door and only the of my feet were outside, after a some minutes my grandmother saw that I wasn't in the yard. And she started looking for me, the saw my feet, opened the door, and I was sleeping. She hugged me and she started to laugh.

And yes...it was a dangerous event
