-¿Qué planeas hacer cuando ya tengas un trabajo como enfermero/a?

I am going to be an excellent nurse and help those who cannot go to a medical center and whether it is in a hospital or a clinic, to be able to help people and motivate them, whether their situation is serious or not, and to be able to help new people students since many do not have that good gratitude

I would also like to have my house after a transport where I can go to my work and get to places where they need me, I would also like to help my family and go to new places also improve myself and have my specialties
