

OBJETIVO:	Each lesson needs to be interactive and dynamic. The teacher is invited to follow the topics listed below, which are taken from UDS ENGLISH HANDBOOK- level 2 but to implement group work, new exercises , games, role-plays and a number of different classroom dynamics. Each sub-topic needs to be worked with students at least three times but in different ways. Before each new lesson, the teacher needs to review the previous lesson by means of games, worksheets, etc. The teacher gives homework after each lesson (Grammar Booster) or is invited to create new exercises. Please, consider the PPP teaching method (Present, Practice, Produce) as a good example to implement in the classroom.
