MY STORY

On my vacations I always go to Salina Cruz to visit my family and my friend Karen. On this April vacation I couldn't go out with my friend to many places, we were going to the movies but with this quarantine and it was better to we happened to make a pie at her house. We went to buy the ingredients we needed.

One Friday I went to his house to do the pie, it was delicious, then we were talking about our childhood, she told me that when she was girl she likes to play a lot of basketball but now she doesn't have time to play because of his work, also as a girl she rode the bike and now it doesn't anymore, we had a great time but we had to said goodbye.

The next day, she called me for a pizza, but I had a terrible earache, he recommended a few ear drops, and I stayed home to get some rest.

The weekend in the afternoon we went for a walk to the park that is near my house, she went with her cute dog and we ate a delicious vanilla ice cream
