PASIÓN POR EDUCAR

Nombre del trabajo:

Diapositivas del tema:

"symptom and sign"

WHAT IS A SYMPTOM?

- everything that only the patient can feel.
- these cannot be quantified

As examples :

my chest hurts

I have a headache

I have a fever

we also
find other
types of
signs

VITAL SIGNS

are those that show us the state of important organs of our body.
these are:

Breathing frequency

pulse
