# OCARDIOLOGIST C U I A I U N

His name is Oscar and he is 53 years old, is dedicated to caring for people's hearts.

Oscar always caters to people of different ages, he works at the hospital in his city, but sometimes he works at home.

Oscar always starts work at 7:00 in the morning and leaves at 10:00 at night, but on weekends he works only 2 hours, starting at 7:00 in the morning.

Oscar sometimes mentions that it is complicated, but most of the time it is very easy.

Oscar always lives beautiful things in his work, some of them are:

- He always goes to coexistence of his profession
- Oscar sometimes has met excellent people in the coexistence
- Has traveled to many parts of the world
- Oscar has gained great knowledge

Oscar never does his job badly, because he is very well prepared.

Oscar always worked alone, but sometimes Sara who is a 23-year-old nurse helps him.

He always goes to the hospital with medical gowns and gloves to protect himself.
