GIVING DIRECTIONS

The direction is known to the way, way or course that a living being or a moving thing must follow.

there are two ways to ask for directions formal and informal, below we will present some examples.

EXAMPLES

- **INFORMAL MORE**

- ✚ Where is the post office?
- ✚ Is there a chemist's around here?
- ✚ Can you help me? I'm looking for the theatre.
- ✚ How (can/do) I get to the station?

- **MORE FORMAL**

- ✚ Could you tell me the way to the bank, please?
- ✚ Could you tell me how to get to the cinema, please?
- ✚ What's the best way to go to the church?

To instruct someone to go to a specific site, we usually use constructions like the following:

- ❖ Turn left
- ❖ Turn right
- ❖ Go straight on/ahead
- ❖ Go across the Street
- ❖ On the corner
- ❖ Go as far as
- ❖ Go down the Street
- ❖ Take the 1st/2nd/3rd turning on the right
- ❖ Take the 1st/2nd/3rd turning on the left
