## **Giving directions.**

Where is the hospital?

- It is around the corner from bank

Where is the pharmacy

- It is at the corner of vine library

How do I get to the clinic?

- The clinic is across the street.

What's the quickest way to get to the hospital from here?

- Turn right at the next corner, and then go straight for about two blocks.

How do I get to pediatric department?

- It is located in front of the hospital. It is a large, blue and white colored building.

Where is the gynecology and obstetrics department?

- Double right wing on the second floor go straight, in front of dermatology there it is.

Where is the Santa Cruz pharmacy?

- It is on the central street, in front of the park, near the market.

Do you know where the clinic is?

- You just have to walk 2 blocks straight, then turn right and walk 1 block more. The clinic is right in front of an elementary school

Patient: good morning. Excuse me. Where is the clinical service of dermatology?

Nurse: good morning. Yes of course. Turn right, go up the steps, on the second floor turn left, go straight, between gynecology and general surgery there.

Patient: Thank you for your help, I hope not to get lost.

Nurse: You're welcome. Good luck.
