“ My nursing student profile”

HELLO, my name is Keyla lopez mejia. I am 24 years old. I am from Motozintla Chiapas. I am currently studying at the university of the southeast university. Doctors to save lives, let's take on the job of taking care of patients, giving them a better treatment during their recovery .

The career is not a road of roses , the nurses have a hard work and therefore need adequate preparation for their vocation.

This race is not just about taking vital signs or temperature. In this race you can get to appreciate life.
