Hello, my name is Paula. I will mention the things I do continuously at home and the activities I do in my free time.

As every day I get up at 7 in the morning, I say good morning to Mom and Dad, I brush my teeth, we all have breakfast, we finish and then we wash the dishes.

With my sister we take turns to fix the house, I sweep all corners of the house, I clean the furniture, I clean the rooms and my sister does the rest and when everything is finished we sit down to watch television with my mother. On Mondays, Wednesdays, and Fridays, he goes by garbage truck. On Mondays, I take him out, on Wednesday, my mother, and on Fridays, my sister, we usually take turns doing things.

In the Afternoon we bring water to the workers, since they are composing the house we have to be aware of anything.

In my free time I usually read when I didn't before, I go for a walk in the afternoon and watch the sunset, at night I like to observe the sky and it is every day except when it rains

And that's regularly what I do every day.
