Household chores and leisure

My name is Raquel López Roblero I live in the frontera Comalapa ,am twenty years Old I work in a stationery store but at the momento I don't,I go to work at eight in the morning and leave at seven at night, I'm going to tell you about what I did this month, in the mornings my mom cooks she likes to cook, my mom goes to the market she likes to do the shopping for the week, my dad almost doesn't go out,these are times when he likes to go for a walk or visit my grandparents , I'm usually going to dance classes, I like to go, but farsí I have to do my homework like washing dishes or sometimes taking out the garbage, my sister has never liked taking out the trash, she is always watching televisión .

There are times when we go out with all my family we go to the field and we have a good time, we start to play soccer, I have cousins, they are very isolated and we hardly live with them. There are days that are very boring and I better listen to music my sister does not like my music and always scolding. Since we were all at home due to the pandemic, we helped my mom at home, my mom did the cooking, my dad started sweeping, I cleaned the rooms, my brother washed the dishes and my other two sisters washed clothes, then later we all ate watching televisión

Almost every day he felt bored because he couldn't go out so I like novels more and it took me a long time to start at twelve in the morning and end around three or four in the afternoon, sometimes we went to the river and that was all I did because we were almost always at home.
