FECHA DE ENTREGA:07/06/20

3 Hospital admissions

Scrub up

- 1 Work in pairs. These patients have arrived in hospital and are waiting in reception. Discuss why you think each one is there.

- 2 Listen to the patients describe their problem, and decide which one is speaking.

1 Concussion 3 Stomach 5 Intercubus
2 feet 4 diabetes

- 3 Decide the order, 1-5, in which the patients should be seen.

Vocabulary

The admissions procedure

- 1 Complete the sentences with the words below

a triage nurse

an initial assessment

life-threatening

treatment

a priority

waiting room 2

1 Take a seat in the a triage nurse.

2 The first nurse you meet will be a specialist called waiting room.

3 This nurse will make a priority of your problem.

4 This helps decide who is treatment.

5 A patient with a life- condition will see a doctor immediately.

6 A nurse will get personal details from you and fill in a hospital threatening form.

7 When there is a free waiting room, a doctor will see you.

8 The doctor will decide on the an initial assessment.

- 2 Have you ever been admitted to hospital? Do you have any stories of unusual hospital admissions? Describe
