1° semestre

Microanatomía

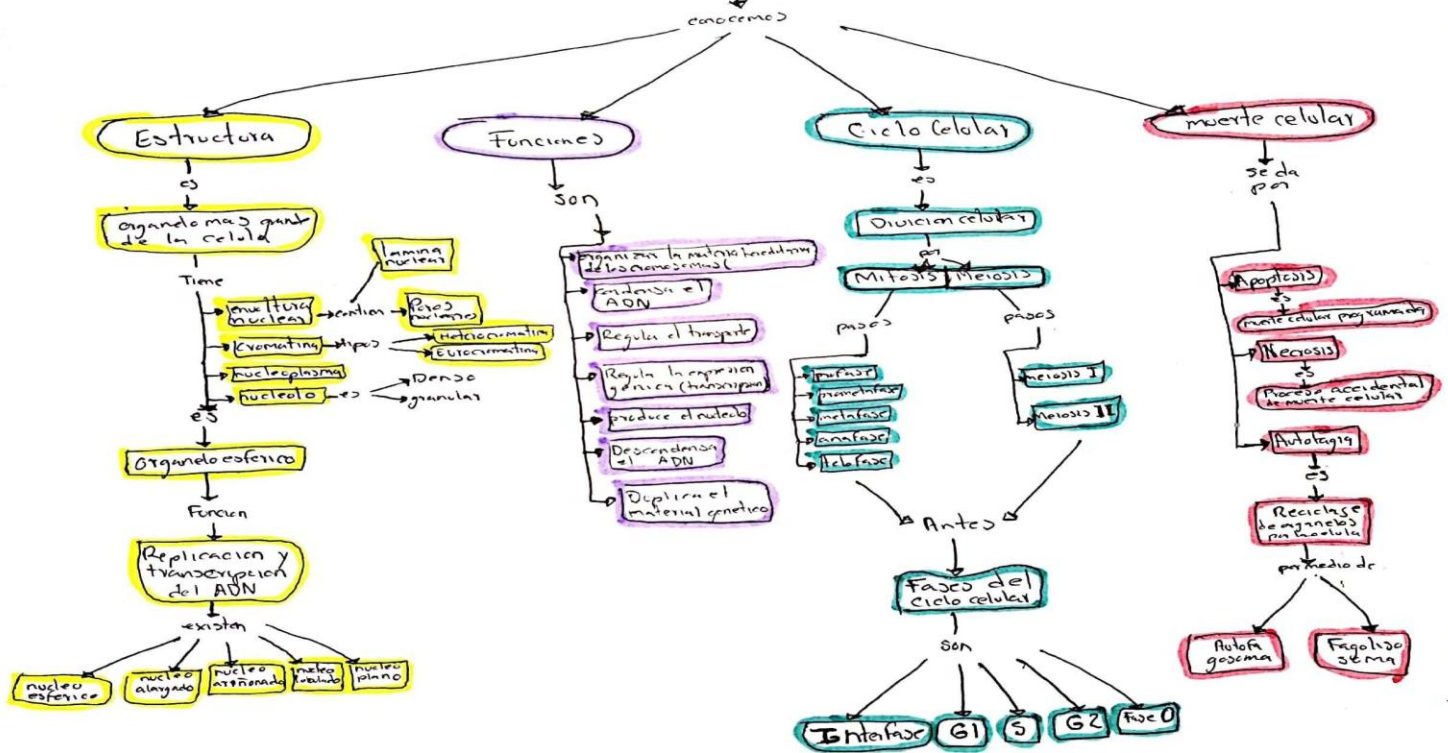

Mapas conceptuales de las unidades

# Unidad 1

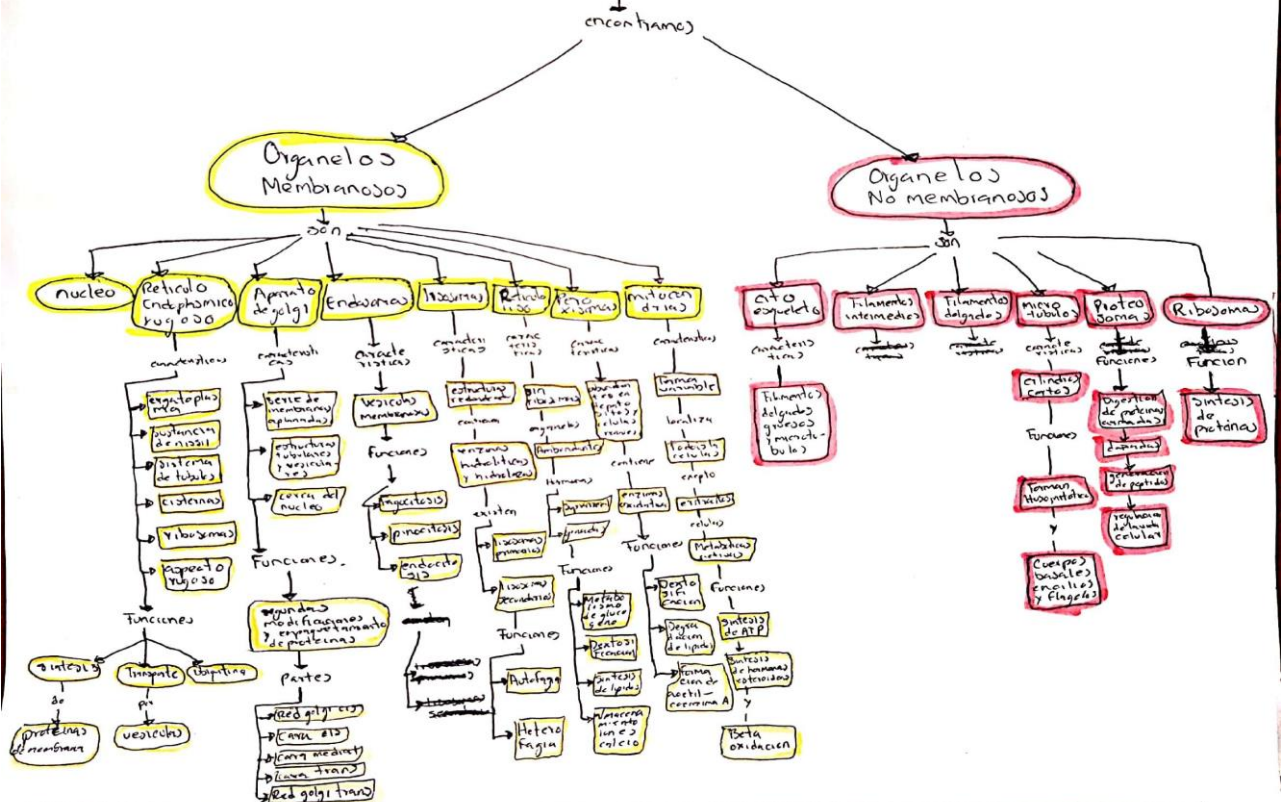

1. Introducción a la microanatomía
2. Microscopía histología
3. Núcleo
4. Organelos
5. Membrana celular
6. Tejido epitelial
7. Piel y faneras
8. Tejido conjuntivo

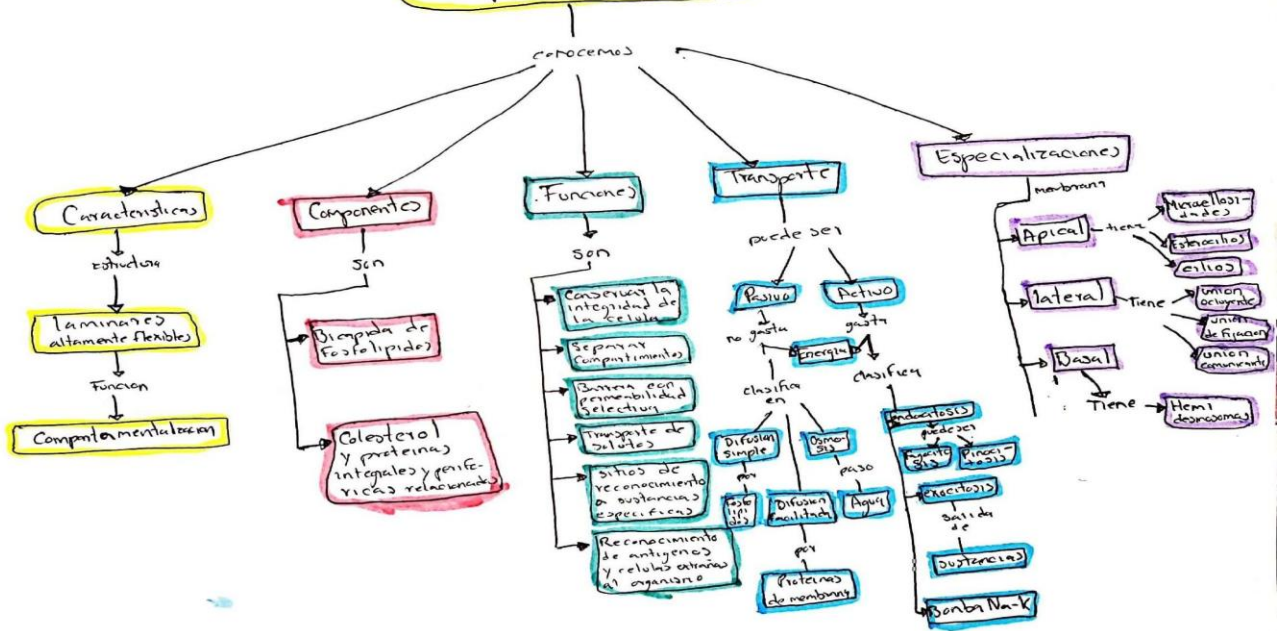

# Núcleo

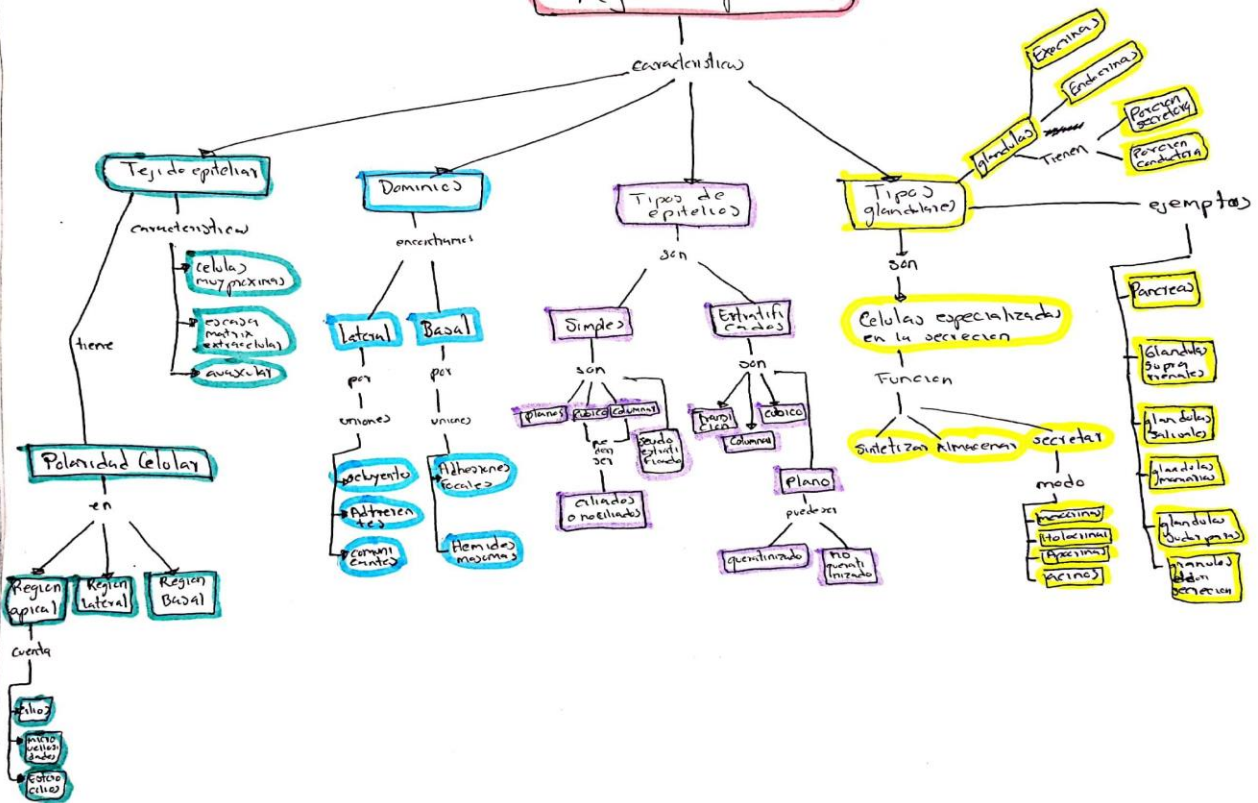

# Organelos Celulares

# Membrana Celular y sus especializaciones

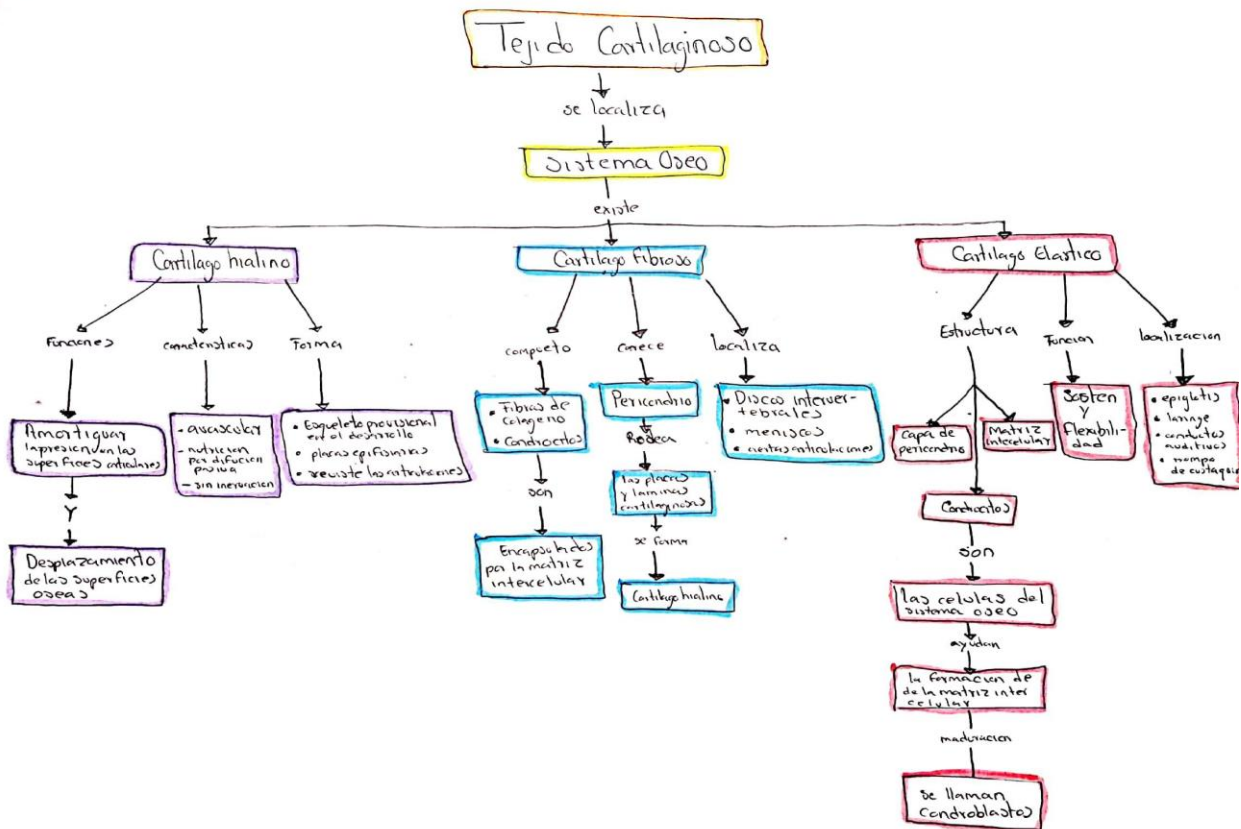

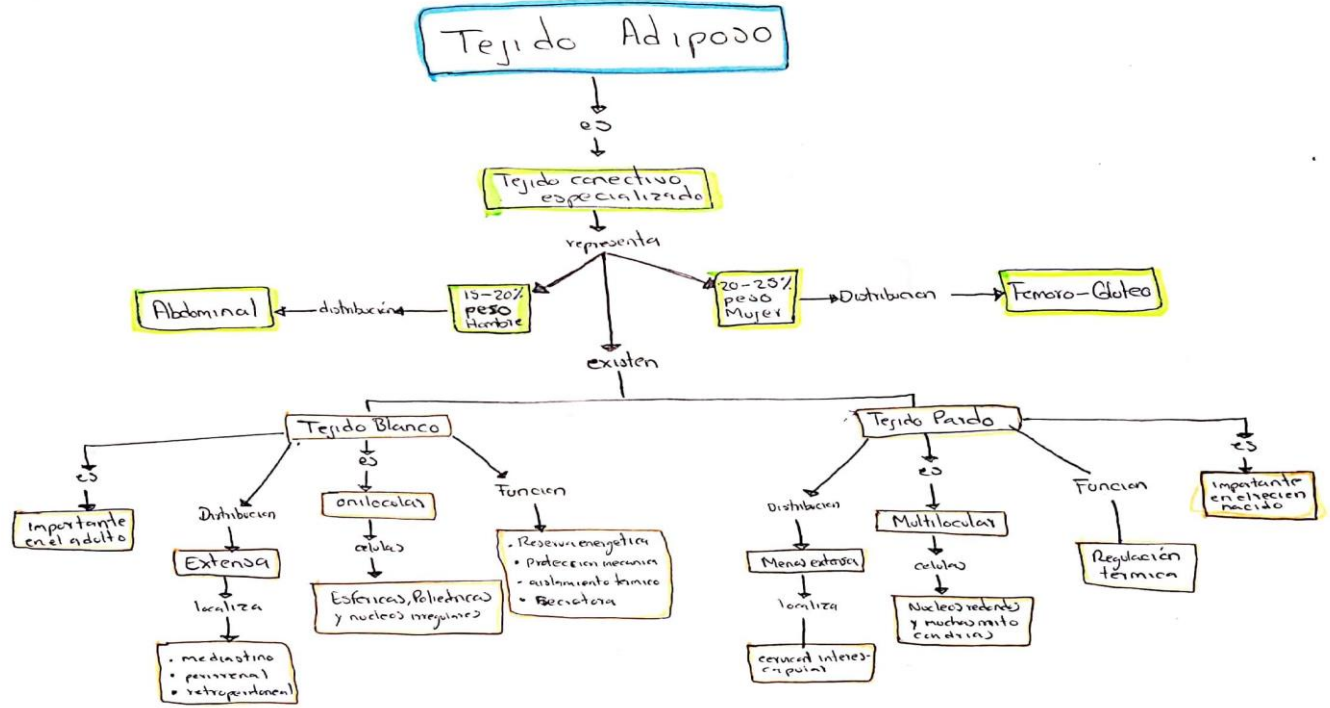

# Tejido Epitelial

# Unidad 2

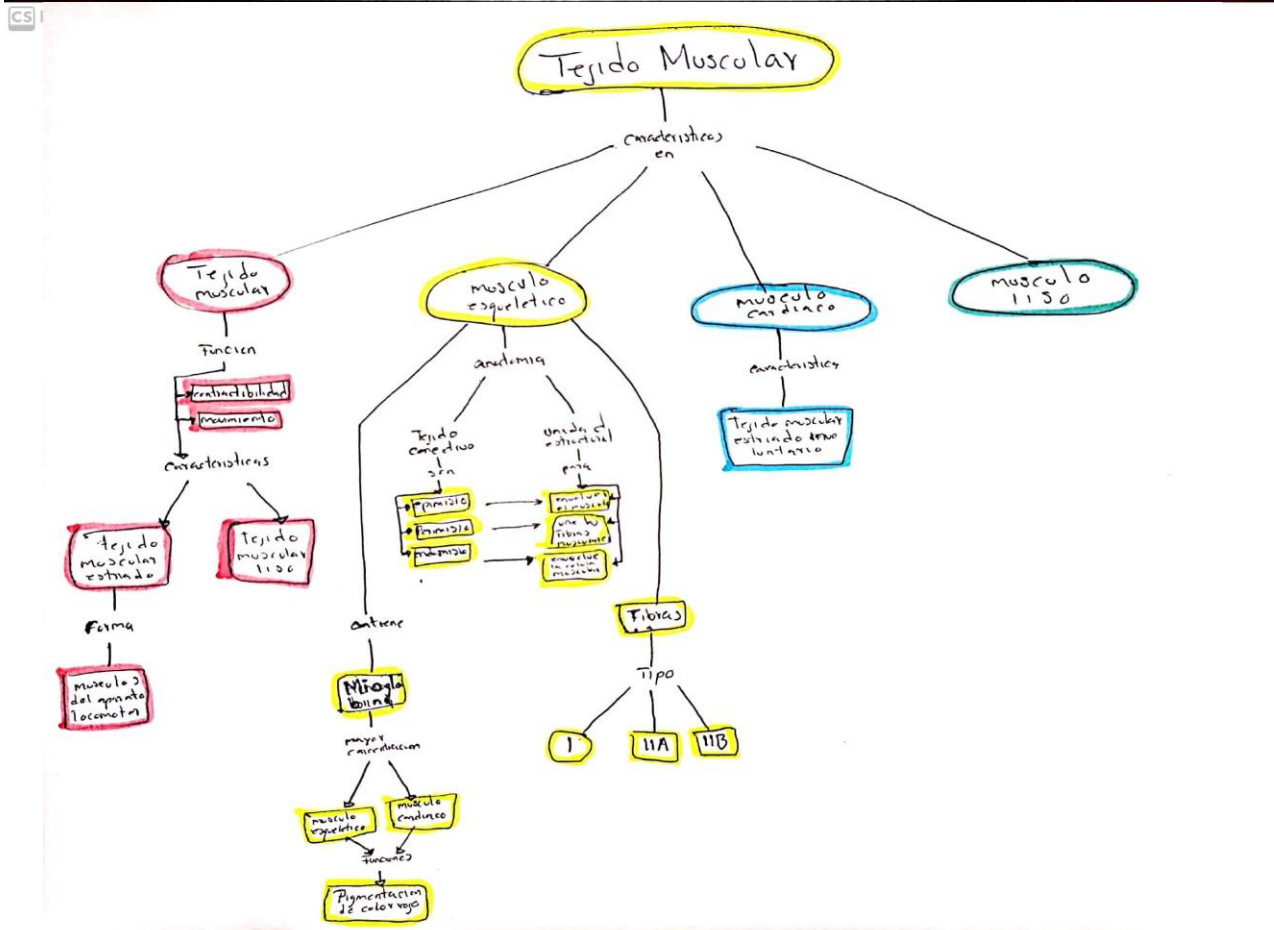

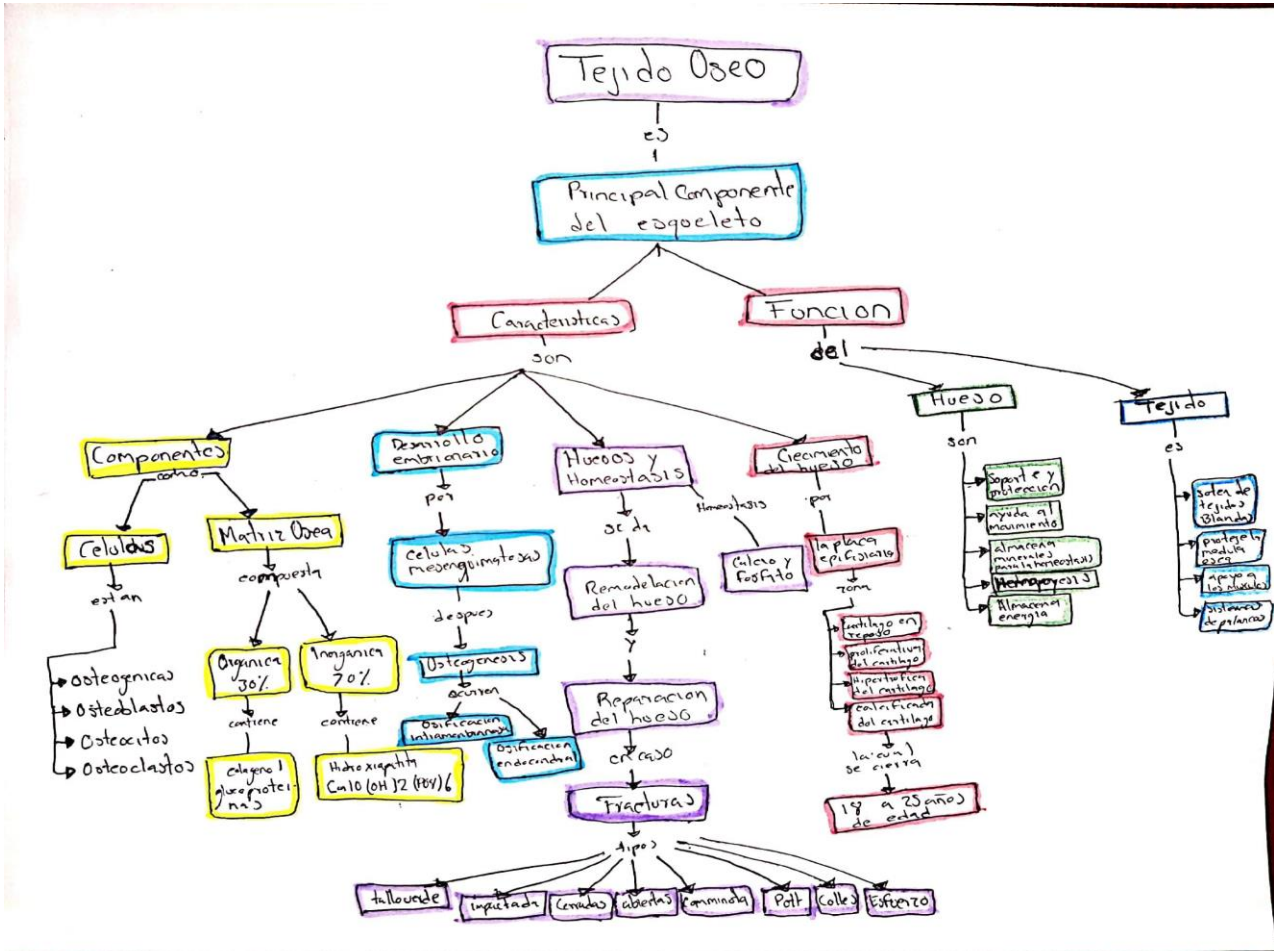

1. Tejido cartilaginoso
2. Tejido adiposo

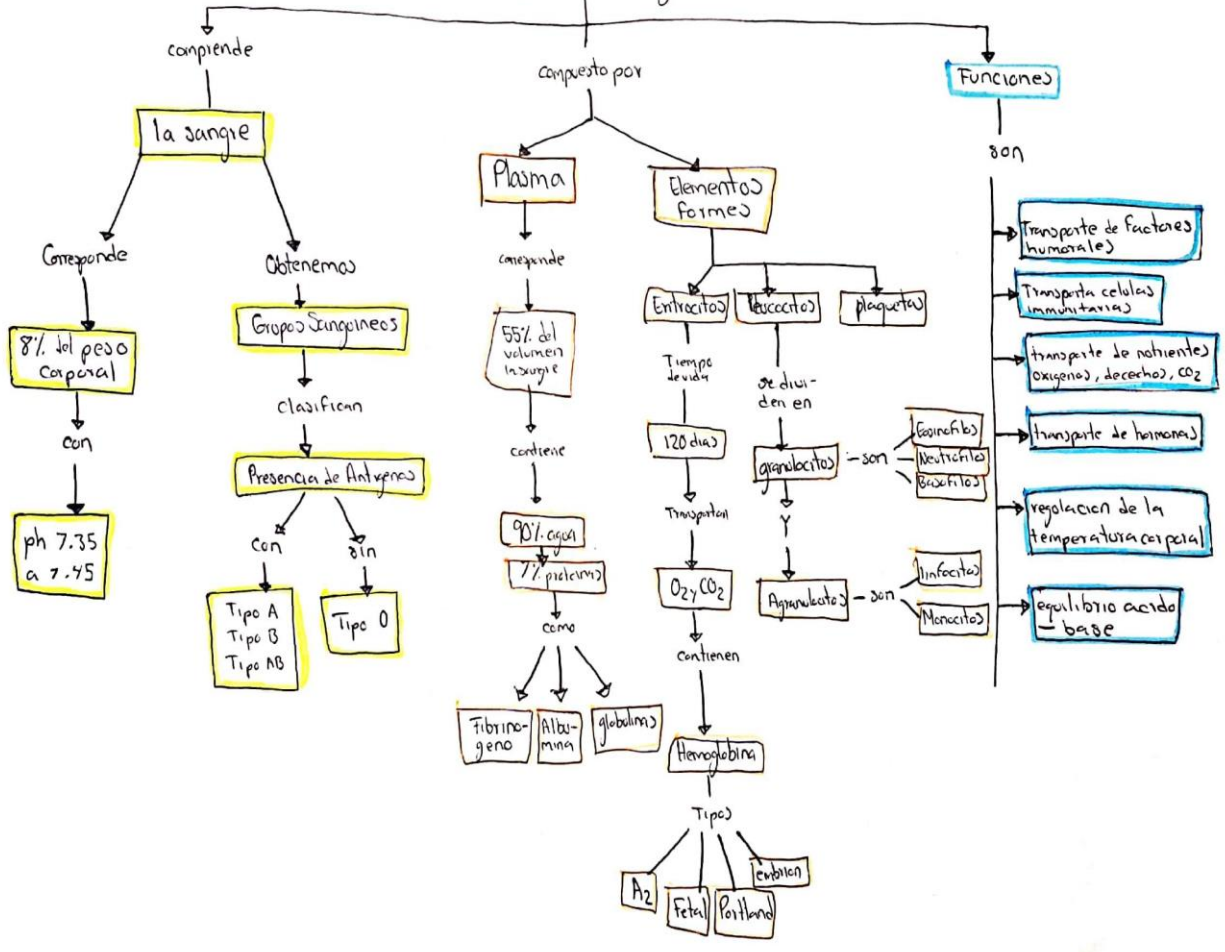

# Unidad 3

1. Tejido muscular
2. Tejido sanguíneo
3. Aparato respiratorio

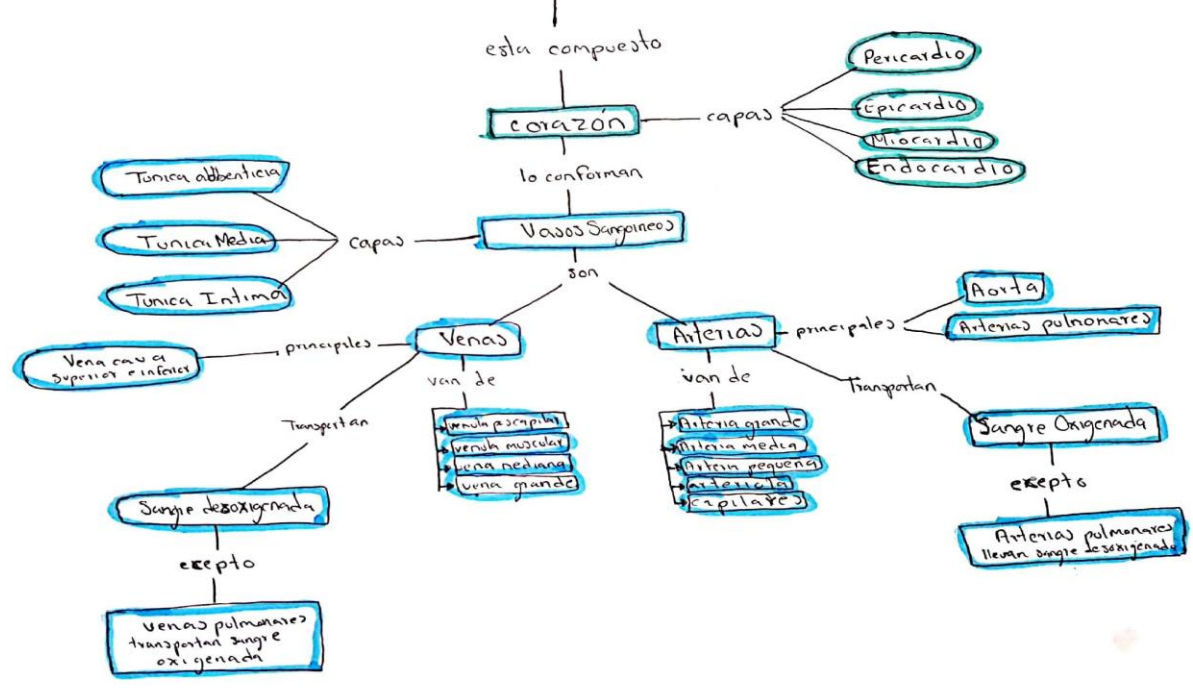

# Tejido Sangüíneo

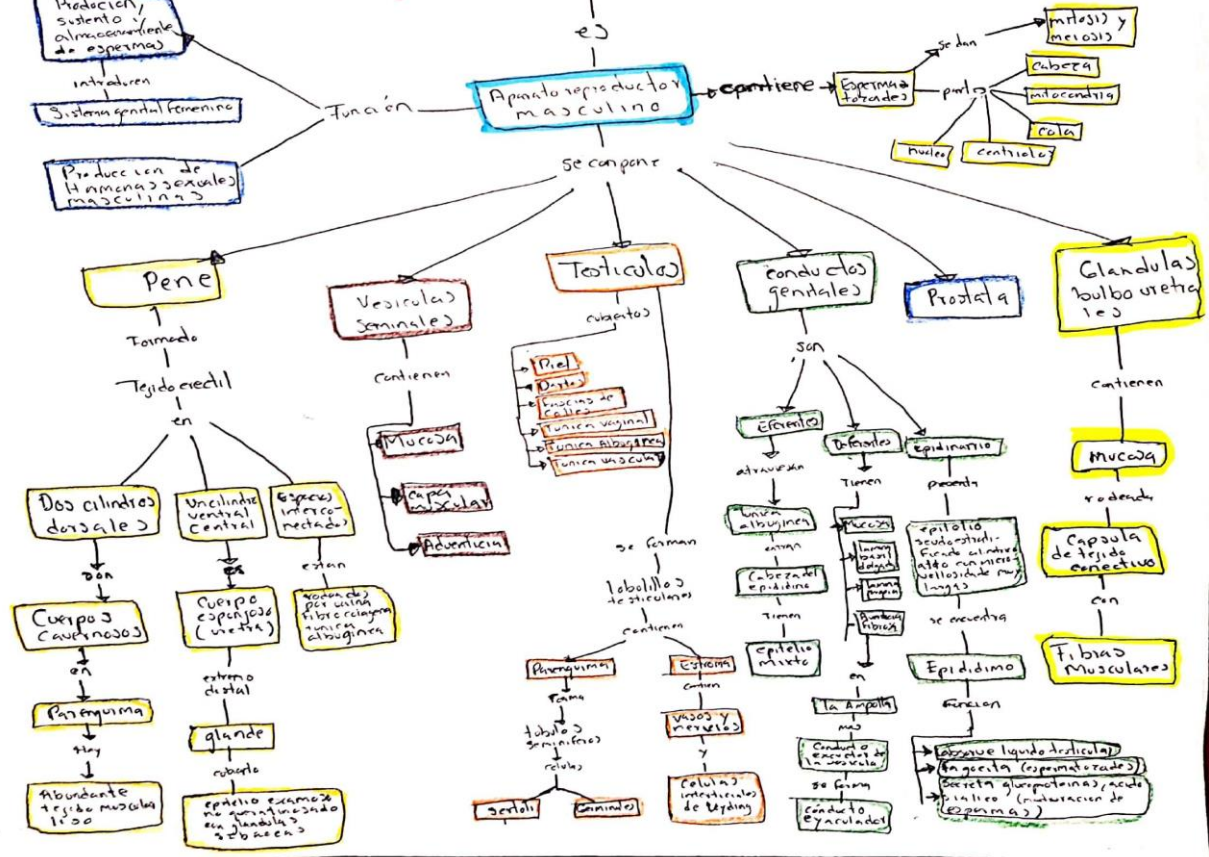

# Unidad 4

1. Aparato cardiovascular
2. Aparato genital masculino
3. Tejido nervioso
4. Sistema endocrino
5. Histología del ojo

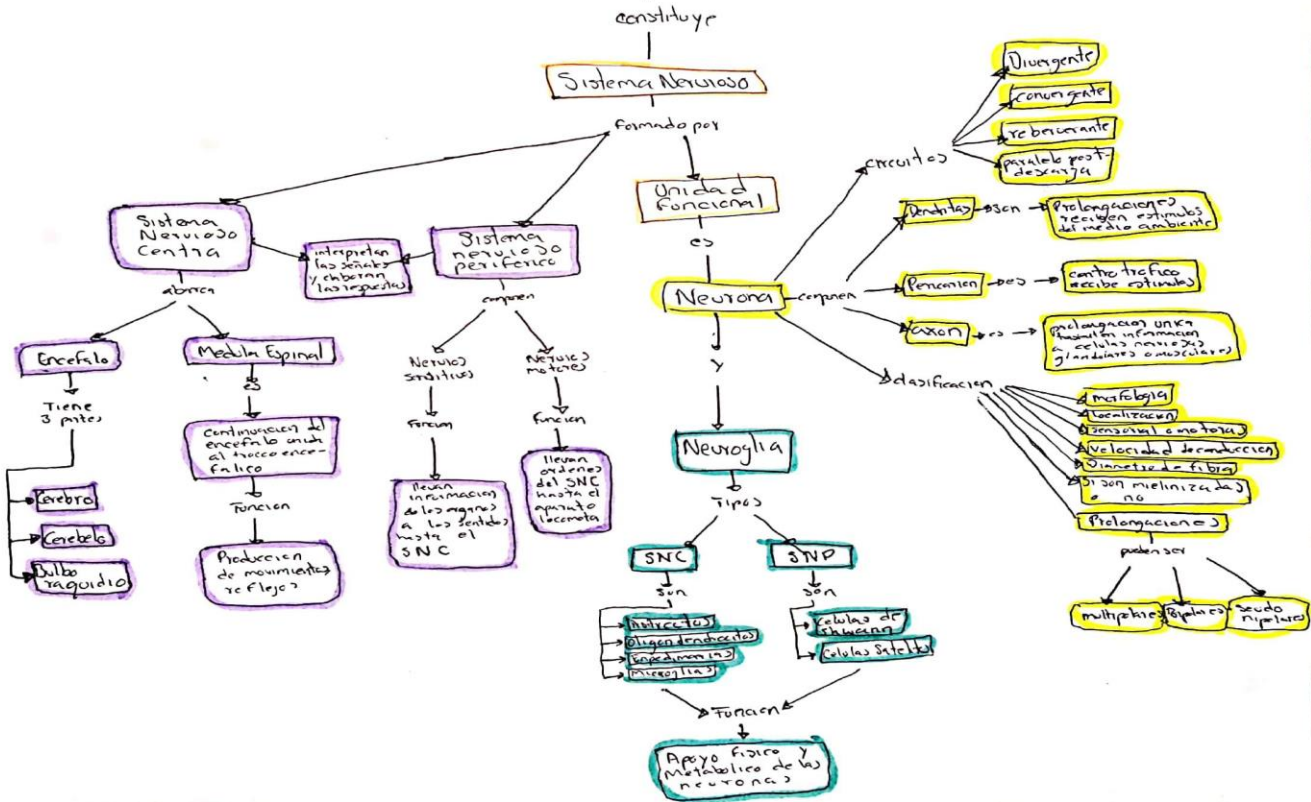

# Aparato Cardiovascular

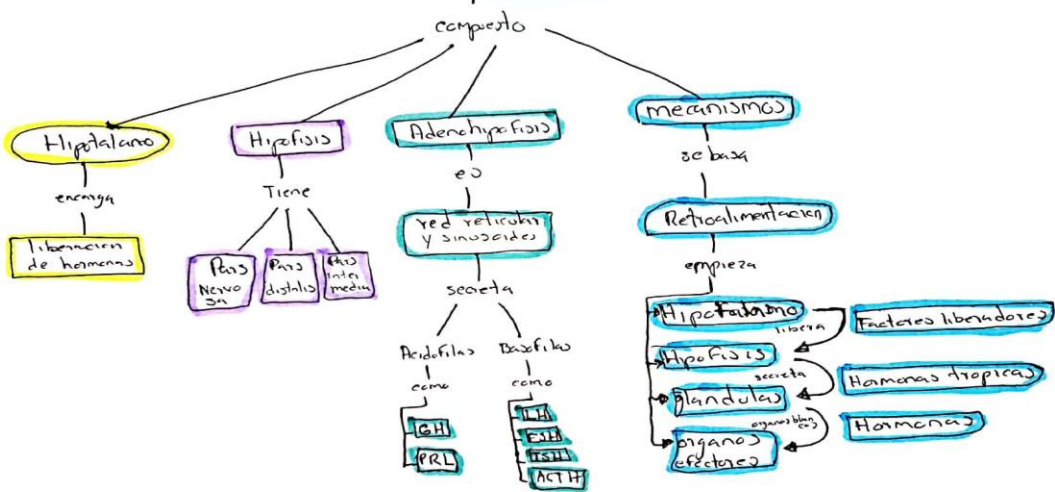

# Aparato genital Masculino

# Tejido Nervioso

# Sistema Endocrino

# Histología del ojo
