GRAMMAR - The Present Perfect with "for" and "since" and other uses.

Use "for" and "since" to describe periods of time that began in the past.

For

We use "for" to describe a length of time.

Example: How long have you been there? I've been here for ten minutes.

Example: How long have you been there? I've been here for many years.

<u>Since</u>

We use "since" with a specific time or date in the past.

Example: How long have you been here? I've been here since eight o'clock.

Example: How long have you been here? I've been here since August.

Other uses

- With "always".

Example: I've always wanted to see Car Planet.

- With ordinals and superlatives.

Example: This is the third time I've seen Ping Pong. It's the best movie I've ever seen.

- With "lately", "recently" or "just".

Example: Have you seen a good movie recently/lately? I've just seen The Beach-what a great movie!

- With "still" or "so far".

Example: You still haven't seen Tomato Babies? I've seen it three times so far!

Exercise 1. Choose the correct words to complete the paragraph.

I've been a big fan of Penélope Cruz (1 for/since) more than twenty years. I've followed her career (2 since / so far) I was in high school. That means I've watched every movie she's made (3 for / since) 1993, except for Vicky Cristina Barcelona. I (4 yet/still) haven't seen that one, but I plan to see it soon. I've (5 still / always) loved Penélope's work. I've (6 since / always) been

the first person in line at the theatre when her movies open. Of the movies Penélope has made (7 lately / always), the most interesting ones to me are To Rome with Love and I'm so excited. I think they're the (8 best / just) movies she's made (9 so far / still). I've (10 always / already) seen them twice.

Exercise 2. Complete with "for" or "since".
1. I have been waitingsince 4 o'clock.
2. Sue has only been waitingfor 20 minutes.
3. Tim and Tina have been learning Englishfor six years.
4. Fred and Frida have been learning Frenchsince 1998.
5. Joe and Josephine have been going out togethersince Valentine's Day.
6. I haven't been on holidaysince last July.
7. Mary has been saving her moneyfor many years.
8. I haven't eaten anythingsince breakfast.
9. You have been watching TVfor hours.
10. We have been living here for 2 months.

GRAMMAR - The Present Perfect Continuous.

- The Present Perfect Continuous shows that an action started in the past and is continuing at the present time or has finished recently.
- It is formed using the construction has/have been + the present participle (base form + -ing).

Example: I have been reading War and Peace for a month now.

In this sentence, using the Present Perfect Continuous conveys that reading War and Peace is an activity that began sometime in the past and is not yet finished in the present.

- "Recently" and "lately" are words that we often find with verbs in the Present Perfect Continuous.

Example: Mia has been competing in flute competitions recently. (And she will continue to do so.)

Example: I haven't been feeling well lately. (And I am still sick now.)

- The Present Perfect Continuous can be used with "for" and "since".

Example: "I've lived here for five years" (emphasis is on the five year period. I still live here, so the action continues).

Example: "I've been living here since 2001".

- "I've lived here since 2001" (is also correct but the Present Perfect Continuous emphasizes the continuing time.)
- Not all verbs are compatible with a continuous action. Some examples of such verbs are to "be", to "arrive", and to "own".

Example: I have been owning my Mazda since 2007.

I have owned my Mazda since 2007. (Present Perfect Simple)

Example: Gus has been being late for work recently.

Gus has been late for work recently. (Present Perfect Simple)

The Present perfect

El presente perfecto equivale más o menos al pretérito perfecto del español. Veremos las diferencias en la sección sobre usos. En general, es una mezcla entre el presente y el pasado. Lo usamos para acciones en el pasado que tienen importancia en el presente.

Grammatical Rules (Reglas gramaticales)

Form (Forma)

Para formar el presente perfecto, se usa el verbo auxiliar "to have" en el presente y el participio pasado del verbo. Para verbos regulares, el participio pasado es la forma simple del pasado. Ver la lección sobre el pasado simple para más información sobre como formar el pasado.

Sujeto	Verbo auxiliar	Forma Corta	Participio Pasado
l, you, we, they	have	l've, you've, we've, they've	talked, learned, traveled
he, she,	has	he's, she's, it's	talked, learned, traveled

Nota: Ten en cuenta que hay muchos participios pasados irregulares en inglés. A continuación, tienes una lista de unos de los participios pasados irregulares más comunes.

Verbo	Pasado Simple	Participio pasado
O be	• was/were	o been
⊙ do	o did	O done
⊙ go	• went	gone
make	• made	• made
⊙ see	• saw	⊙ seen

Structure (Estructura)

1. Affirmative Sentences (Frases afirmativas)

Sujeto + verbo auxiliar (to have) + participio pasado...

Ejemplos:

I have [I've] talked to Peter.(He hablado con Peter.) She has [She's] gone to work.(Ha ido a su trabajo.) We have [We've] been to London.(Hemos ido a Londres.) They have [They've] learned English.(Han aprendido inglés.) 2. Negative Sentences (Frases negativas)

Sujeto + verbo auxiliar (to have) + "not" + participio pasado...

Ejemplos:

I haven't talked to Peter. (No he hablado con Peter.)

She hasn't gone to work. (No ha ido a su trabajo.)

We haven't been to London. (No hemos ido a Londres.)

They haven't learned English. (No han aprendido inglés.)

3. Interrogative Sentences (Frases interrogativas)

Verbo auxiliar (to have) + sujeto + participio pasado...?

Ejemplos:

Have you talked to Peter?(¿Has hablado con Peter?)

Has she gone to work?(¿Ha ido a su trabajo?)

Have you been to London?(¿Has ido a Londres?)

Have they learned English?(¿Han aprendido inglés?)

Uses (Usos)

Se usa el presente perfecto para acciones que ocurrieron en un tiempo no concreto antes de ahora. El tiempo específico no es importante. Por lo tanto, no solemos usar expresiones de tiempo específicas ("this morning", "yesterday", "last year"...) con el presente perfecto. Se puede usar el presente perfecto con expresiones de tiempo no concretas ("never", "ever", "many times", "for", "since", "already", "yet"...). Este concepto de tiempo no específico es bastante difícil de comprender, por este motivo, a continuación tienes los usos particulares del presente perfecto.

1. Se usa el presente perfecto para describir una experiencia. No lo usamos para acciones específicas.

Ejemplos:

I have never flown in a plane. (Nunca he volado en un avión.)

He has worked in many different museums. (Ha trabajado en muchos museos diferentes.)

We have been to Río de Janeiro. (Hemos ido a Río de Janeiro.)

2. Se utiliza el presente perfecto para un cambio en el tiempo. Ejemplos:

I have become more timid in my old age. (Me he vuelto más tímido en mi vejez.) Their English has improved a lot this year. (Su inglés ha mejorado mucho este año.)

He has learned to be more patient. (Ha aprendido a ser más paciente.)

3. Se usa para los éxitos o logros.

Ejemplos:

Our football team has won the championship three times. (Nuestro equipo de fútbol ha ganado el campeonato tres veces.)

Dan has finished writing his first novel. (Dan ha terminado de escribir su primera novela.) Scientists have succeeded in curing many illnesses. (Los científicos han tenido éxito en la

curación de muchas enfermedades.)

4. Usamos el presente perfecto para acciones que todavía no han sucedido. El uso del presente perfecto en estos casos indica que aún estamos esperando la acción, por eso, frecuentemente usamos los adverbios "yet" y "still".

Ejemplos:

The plane hasn't arrived yet. (El avión no ha llegado todavía.)

Our team still hasn't won a championship. (Nuestro equipo aún no ha ganado un campeonato.)

You haven't finished your homework yet?(¿No has acabado todavía los deberes?)

5. Se utiliza el presente perfecto para hablar sobre acciones en diferentes momentos en el pasado. El uso del presente perfecto en estos casos indica que son posibles más acciones en el futuro.

Ejemplos:

We have spoken several times, but we still can't reach an agreement. (Hemos hablado varias veces, pero todavía no podemos llegar a un acuerdo.)

Our team has played 4 games so far this year. (Nuestro equipo ya ha jugado 4

partidos este año.)

I love New York! I have been there 5 times already and I can't wait to go back. (¡Me encanta Nueva York! Ya he estado allí 5 veces y no puedo esperar para regresar.)

6. En general, usamos el presente perfecto continuo para situaciones que han empezado en el pasado pero siguen en el presente. Pero como hemos visto, hay algunos verbos que no podemos usar en los tiempos continuos. En estos casos, usamos el presente perfecto.

Ejemplos:

How long has Michael been in Barcelona? (¿Cuánto tiempo ha estado Michael en Barcelona?)

I have loved you since the day I met you. (Te he querido desde el día que te conocí.)

How Can It Be? Americans gain weight... while the French stay thin.

Have you ever wondered why Americans struggle with watching their weight, while French, who consume all that rich food- the bread, the cheese, the wine, and the heavy sauces- continue to stay thin? Now a report from Cornell University suggests a possible answer. A study of almost 300 participants from France and the U.S. provides clues about how lifestyle and decisions about eating may affect weight. Researchers concluded that the French tend to stop eating when they feel full. However, Americans tend to stop when their plate is completely empty, or they have reached the end of their favorite TV show.

According to Dr. Joseph Mercola, who writes extensively about health issues, the French see eating as an important part of their lifestyle. They enjoy food and, therefore, spend a fairly long time at the table. In contrast, Americans see eating as something to do quickly as they squeeze meals between the other activities of the day. Mercola believes Americans have lost the ability to sense when they are actually full. So they keep eating long after the French would have stopped. In addition, he argues that, by tradition, the French tend to shop daily, walking to small shops and farmers' markets where they have a choice of fresh fruits, vegetables, and eggs as well as high-quality meats and cheeses for each meal. In contrast, Americans tend to drive their cars to huge supermarkets to buy canned and frozen foods for the whole week.

Despite all these differences, new reports show that recent lifestyle changes may be affecting French eating habits. Today, the rate of obesity- or extreme overweight- among adults is only 6%. However, as American fast-food restaurants gain acceptance, and the young turn their backs on older traditions, the obesity rate among French children has reached 17%- and is growing.

Exercise 3. Use the context of the article to help you choose the same meaning as each underlined word or phrase.

GRAMMAR - The Present Perfect with "already", "yet", "ever", "before" and "never". **Ever**

- The adverb "ever" expresses the idea of an unidentified time before now. It is always placed before the main verb (past participle).
- We use "ever" in questions.

Example: Have you ever been to England?

Example: Has she ever met the Prime Minister?

- We use "ever" in negative questions.

Example: Haven't they ever been to Europe?

Example: Haven't you ever eaten Chinese food?

- We use "ever" in negative statements using the pattern "nothing + ever" or "nobody + ever".
