## *Las Vegas*

I would like to get to know the city of Las Vegas, to be enjoying the dishes that they offer us while on the streets of the city, such as the Shrimp Cocktail since it is the most popular on the list made with chili, garlic, cinnamon, ketchup and pepper. As well as try the famous drinks of this wonderful city such as the Famous Breakfast Martini, which is prepared with orange flavored liquor, lemon juice and orange marmalade.

As well as I would like to know and live the experiences is to go to the Kayak Tour in Lake Mead, in the same way to go on an excursion in the Black Canyon where it is said that you know more about this place such as natural hot springs, waterfalls, beaches and canyons, but I think the most I would like is to go to Peppermill's Fireside Lounge, since it is one of the best things you can know being in Las Vegas, since the place is to have fun the place is drowned in black light, attended by waiters with long dresses and full of foliage and fake mirrors, among other places since we would miss a whole life visiting that great city

I think that city is the best to spend the holidays there, since if you plan to have fun and have a good time, it is the best since it is the city where you sleep during the day and at night you enjoy more, since they have the best casinos and nightclubs

Going to know Las Vegas is more about other diversions since it is not a trip or cultural, or beach, or mountain, it is another type of tourism, where casinos play an important role in the city and the incredible shows, for Of course, you can walk through its streets without knowing what may happen Las Vegas, more than anything, is a city that I would just like to visit, I don't think I like living there since it is very hot, temperatures can reach 40°C perfectly.

Las Vegas is a beautiful city that one day I will visit more to learn about the lifestyle that the citizens of this wonderful city lead, as well as see the style that being in Las Vegas entails. and know many things to do in Las Vegas and the great views they do not offer in the streets of this, live the experiences that the city offers and have a good time with my family or friends
