My weekly routine

I am Raquel Lopez Roblero I live on the border of Comalapa, I will tell you a little about what I do throughout the week, we will start on Monday, on Monday I get up at 5:00 am I take a shower, brush my teeth and start to I do the cleaning like washing the dishes then I make my food and when the time comes at 7:00 a.m. I start to get ready to go to work I work in a photocopier I work from Monday to Saturday because as the name says I make copies, I attach it and many more things and now classes have started because we have too much work and I spend it all day there I have little time to eat about 20 minutes there I relax and go back to work afterwards until 8:00 pm arrives and I go home A Sometimes I go to the cyber at night leaving work because in the afternoons I can not, as I told you, I return a little late to my house, I take a shower, I have dinner and see my baby and he falls asleep and that is how the day passed. everything and what else can I tell you when Tuesday arrives, the same thing I do every day until the weekend, which is Sunday the only day I rest and that day I focus on doing my homework at the university since I also have I have to do the laundry because during the week I don't have time and the time I have left, I spend it with my baby and my family, we make a small meal or we feel that the day passes and sometimes I don't want the day to pass because then Monday arrives and it's the same routine all week
