I was born October 15th of the year 1999 in Chicomuselo, I am the smallest child of my parents and I have 5 brothers, we have always been a united family. My parents are very responsible and workers, my dad is a respectful and my mother, she has always motivated me to continue forward, thanks to them I am studying the nursing bachelor. I like it, I am from the people who prefer to read a book and then take it to the practice, I have not been so in the subject of mathematics for that I was the attention of the nursing degree, in my free time I like to listen to music, read research books and sometimes practicing a sport, I like to play soccer.
