## ESCRITO

Hello, my name is José Francisco Ramírez Sánchez. I was born in the state of Tabasco in the municipality of Tacotalpa and I currently live in Teapa Tabasco. I am 24 years old, my favorite sport is baseball, although I do not practice it very often, but I do like it. My occupation: I am a nursing student. In my spare time he played the accordion, piano, and guitar. I still go to church and I am part of the church's musical group: Monte de Olivos located on the Teapa-pichucalco road. Likewise, we do community aid such as: we bring food to people who are waiting for their relatives who are in the hospital. We also visit people who are in prison, we talk with them, we talk about the word of God. We also do evangelistic campaigns to speak about Christ to people in need.

I chose this career because I feel the need to help people. I consider myself a helpful and humane person. I have the profile of this career

In this test that God gave us, we learned that it is necessary to help the people who need it most. This pandemic has given us a good lesson that we have to live life to the fullest.
