## ESCRITO DE 200 PALABRAS

My name is Lucia Viridiana Morales Hernández, I am 19 years old, I live in paradise 2nd section municipality of ostuacan chiapas, my nationality is Mexican, I work from Monday to Sunday except on Saturdays in a butcher's shop, in my spare time he did my homework, I listen to music And helped my mom in the work of my house, sometimes practical football or volleyball only when I have time , what I like to do the most, is spend time with my parents, my grannies, listen to music chatting with my friends and go out to dinner with my cousins, I decided to study the nursing career because it became very interesting, where you can help many people with different diseases, you give it a lot of attention and confidence, from very young girl I dreamed of being a great nurse and taking care of patients , that's one of my first goals, for those of us who study bachelor's degree in nursing is very nice is one of the most beautiful careers, my family motivates me every day not to give up, I feel a great support from them, and always tell me as chosen very good career.
