Advers of frecuencia

INSTRUCTIONS: Write the adverbs of frequency.

Adverbs help us to qualify in different ways what the verb expresses. We use adverbs of frequency to indicate how often we do something. It is important to know where to place the adverb of frequency in English. It depends on what type of verb the phrase is built with, the adverb will go in one or another position.

We use them when

- Adverbs of frequency express how often (time) we do an action.
- We use them to talk about our habits.
- Talk about the frequency in which we develop each activity.
