

Monosacáridos. Compuesto por una molécula simple de azúcar. Ej. Fructuosa, galactosa, psicosa.

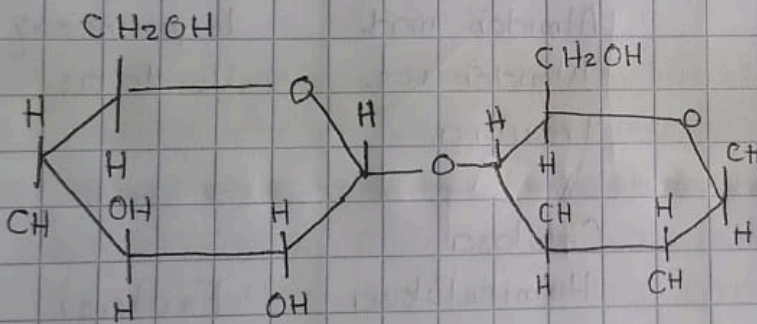

Galactosa.

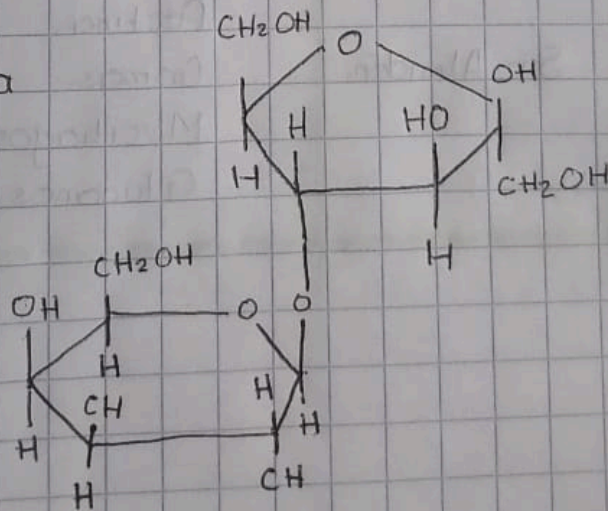

Fructosa

Disacáridos. Ej. Sacarosa, lactosa, Maltosa

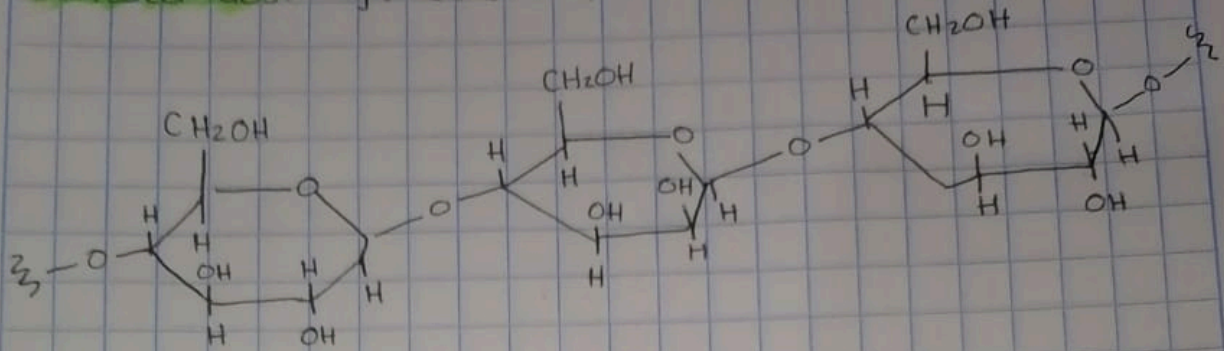

Celobiosa

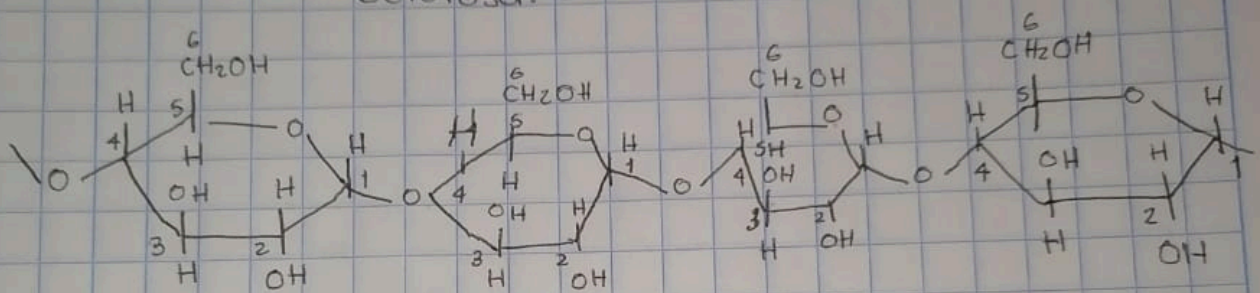

Lactosa.

Polisacáridos. Ej. Celulosa, Almidón, Glucógeno

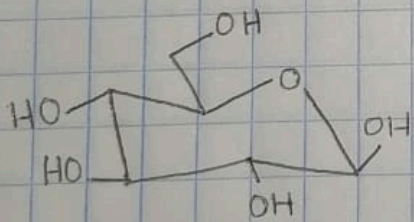

Celulosa.

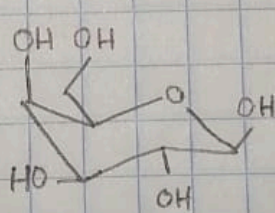

Amylase.

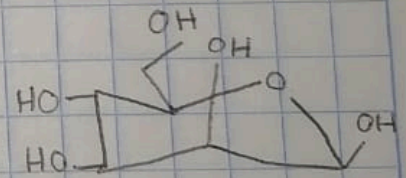

Glicoproteínas.

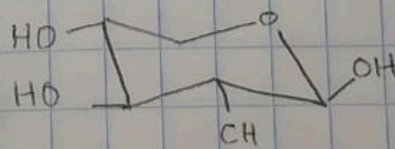

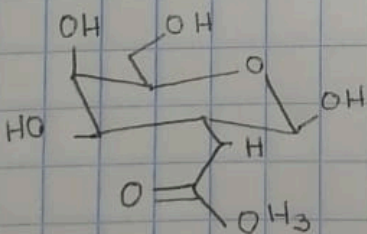

Glc.

Gal.

Man.

Xyl.
