## MON LAFERTE

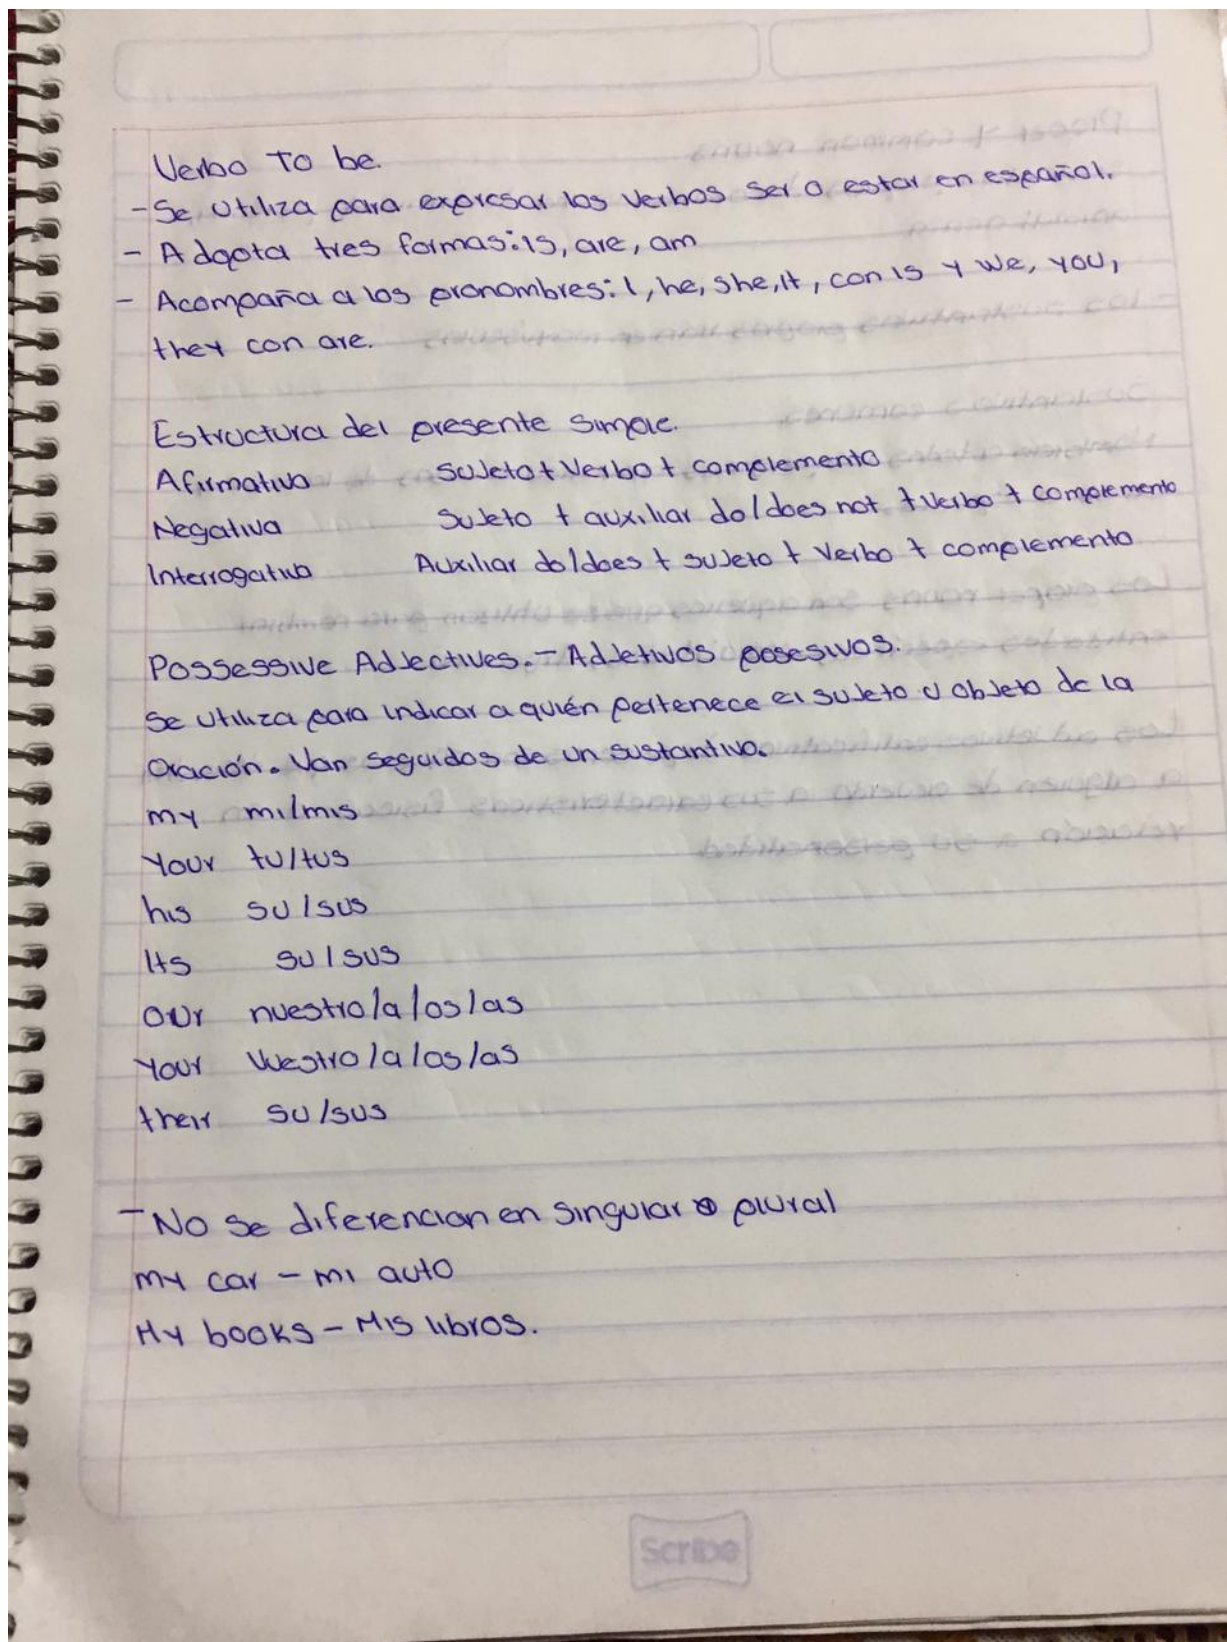

Norma Monserrat Bustamante Laferte, known as Mon Laferte artistically, is 38 years old, her nationality is Chilean, she is a singer-songwriter and composer, resides in Mexico.

She is 1.65cm tall, she is white, her eyes are brown, her hair color is black. She is talented, loving, and humble.

I admire her because she started from scratch in her career, with a guitar that she won in a contest at her school and thanks to that she became interested in composing her own songs and becoming great, she was diagnosed with thyroid cancer, but she was able to beat it and continue doing what she loves. I also admire her because when she knew that she would lose her voice, she learned to play the piano to continue making music.

I decided to talk about her because I like her songs and she has a very beautiful voice, also because she grew up in a poor neighborhood with her mother and sister, but it was not an obstacle to being a great artist.
