SIMPLE FUTURE

NEGATIVE

I haven't bought a launch.
You have not sent a postcard to your Friends.
He hasn't talked to her since yesterday.
She has not watched 'Titanic' yet.
It hasn't snowed since 1980.
We have not had breakfast.
You haven't cleaned your romos.
They have not done the laundry.
He's not gone.

POSITIVE

I have worked for my uncle.
She has finished her homework. (Ella ha terminado su tarea)
I have to go, we have talked for more than two hours
We have visited them once a week for the last year.
He has returned my car at last.
It has rained once a week for the last month.
They have completed the project.
I have cooked something special for you.
I have worked in that firm for many years.
We have loved each other for twenty years.

INTERROGATIVE

What have I done wrong?
Have you had fun today?
Why has he not called me?
Has she lost her talent?
How has it changed over time?
Why have we had to sign this paper?
Have you turned it off ?
Haven't they thought about the consequences?
