PICTURE IN PAST TENSE

Los verbos auxiliares existen para hacernos la vida más fácil, y en el caso del pasado simple en negativa eso es exactamente lo que hacen. para formular el pasado simple en negativo tienes que poner didn't delante de la forma en infinitivo

didn't es la contracción de did not, no encontrarás did not muy a menudo;

la forma negativa del pasado simple en inglés no podría ser más sencillo: simplemente tienes que poner didn't delante del verbo principal que se queda en infinitivo. Además, didn't vale para todas las personas gramaticales, nunca cambia.

recuerda siempre colocar didn't delante de los verbos principales.
