## What did I do during my vacation?

Most of my vacation time was spending with my friends and family. I had an amazing vacation where I took two trips with my family. We spent a lot of quality time together and made many memories. I also went to dinner with my friends many times during the trip. I spent most of my time with my family, but it was great to catch up with friends as well. One of the trips we took was to the beach. We spent our days lounging on the sand and swimming in the ocean. We also went for long walks on the beach and had a great time. The other trip was to the mountains, where we hiked and took in the beautiful views. The weather was perfect and the scenery was breathtaking. We also stopped at a few local restaurants and tried some of the local cuisine. Overall, it was a vacation filled with laughter, good food, and lots of love. I returned home feeling refreshed and rejuvenated.
