He's a painter

He's a police officer

He's a office manager

He's a taxi driver

He's a bellhop

She's a vet

The doctor diagnoses and treats diseases, injuries and other health disorders.

Nursing encompasses the autonomous and collaborative care of people of all ages, families, groups and communities, sick or well and in all settings.

Vendors sell products and services to the general public and commercial establishments.

The cashier must receive, deliver and guard cash, checks, drafts and other valuable documents, in order to achieve the collection of income to the institution and the cancellation of payments that correspond through the cashier, according to the heading of each company.

Painters prepare, protect, and decorate interior and exterior surfaces.

The police officers' main objectives are to maintain security and order in public places.

The office manager is a qualified professional whose responsibility is to keep an office running efficiently and smoothly.

taxi drivers transport people

The bellhop carries out the control, storage and transport of the clients' luggage.

A veterinarian is mostly associated with the health of pets and domestic animals..
