**Grupo:**

**Licenciatura de arquitectura.**

Ocosingo, Chiapas 11 de marzo de 2023

2 years ago we went on vacation to the sea with all my family we were there all the one day living with everyone, we went in to swim since I didn't know to swim well but I went in to refresh the body. My parents talked with the others, they sailed, they drank their many beers. When it began to get late, we began to gather things and get ready to return and we had to travel an hour to get home, end.
