**This is my grandparents' house, it has 2 bathrooms, 3 bedrooms, a garage, 2 kitchens, a patio, a garden and a guest room. The furniture is usually made of wood and some are made of more resistant material. The house is made of block, before it was made of adobe, it has a tin roof and everything my grandparents have is made of wood, the only stable thing is their kitchen, since it is made of block and contains a stove, refrigerator, a table, and their respective items for cooking, and only since my grandparents don't have much, they have few resources´.**
