Hi, my name is Anahi. The house of my dreams has always been like that of princesses, with many windows and a very big garden, inside i would like a fairly large kitchen in pink with a stove and a dishawer as well as a fridge, a microwave oven and a cupboards and of course let's no forget the dining room, i would really like to live alone so i dream of a big room that contains a bed, a wardrobe, a mirror with lights, a dresser for beauty items, among other things and also a television, a private bathroom, I would like an area specifically for my cats where they have a bed and plenty of space to play with some rugs and climate, for the living room, a sofa in front of the televisión, in the middle a coffee table, below a rug and around some shelves to place lamps, then a laundry room to store the washing machine, and outside I would like a garage.
