# My dream house

## DESCRIPTION:

Hello, my name is Adrian and I am going to describe my ideal house below. First of all, I would like my house to have a unique design, in which it will have a white fence, a huge garden with many plants and beautiful colors.

My house will have large windows and in the middle of them there will be a door, in the upper part, I will have a second floor, with two more windows, on one side I will have a large fireplace.

Inside the house there will be stairs with many potted plants, with lots of lighting.

Even if I don't put a picture, it will have a beautiful room, with a set of armchairs, a television on the fireplace, a coffee table with a rug on it, on one side there will be a bookcase with many books, it will also have a full kitchen, with a stove, refrigerator, microwave oven, a bar in the center, with benches around it, a cupboard where there will be plates, glasses, spoons, forks, knives, and other utensils.

well practically the house of my dreams will be a unique place where I will be comfortable, there are many more things in my dream house, so I will make it brief, it has 4 bedrooms, a garage, 2 bathrooms, one downstairs and one upstairs, this would be the House of my dreams.
