“THE HOUSE OF MY DREAMS”

My dream house is a house in a big city, it is located in a tropical place with many palm trees where you can see rivers.

I will live in a big gray and white house with brown and rocks.

There are three floors, on the first floor, There is a large regulated water pool in front of it, there is a large garden where there are no dangerous animals, there are only three German shepherd dogs, a little pig, kittens next to nature.

There is also a living room, a kitchen with an integrated bar and even a bed to be too comfortable enjoying the weather there.

At home there is a full kitchen to cook whatever, there is a very padded room with a large television and some sofas.

There is a single dining room for twelve people, there are twelve chairs for the table and There is a rug under the dining room and in front of it there is another bar with drinks.

In the house there are three guest rooms, one on the ground floor and inside there are comfortable pillows. The others are on the other floors.

On the second floor of my house there are four rooms inside the rooms there are beds with gray silk sheets but the bedspreads are more colorful I gave them a feminine touch.

In each room there is a pink and gray armchair.

There is a study with a desk and shelves with medicine and life book.

In the house there are four complete bathrooms with towels and there are showers with hot and cold water.

For some fun, there is a game room with a bar on the second floor.

on the upper floor there is a night viewpoint, upstairs there is a jacuzzi and another room with cushions and carpet to watch movies with the projector.

The house has a very comfortable laundry room to enjoy doing laundry, there is even a television. There is also a large four car garage designed for visitors and family.

There are wide corridors inside the house that are very fresh.

In the future I will be a good nurse and I hope to fulfill my dreams and goals.
