# **PARTS OF THE HOUSE**

## **(MY DREAM HOUSE)**

Hi, i'm Jorge Luis, i will describe my house that i want to have. I would like to have a big house that has bedrooms, living rooms and a kitchen.

In the **living room**: i want there to be a sofá, to have windows with curtains, and to have a carpet. I want there to be pictures hanging on the wall, there to be a TV and that there be a coffee table.

In the **kitchen**: I would like the kitchen to have everything you need, as well as having a fridge, an oven and a microwave and that there are shelves to put the plates and glasses.

In the **bedroom**: I wold like it to have large windows with curtains, to have a mirror, to have a closet and to have a rug. And that there are pictures on the walls.

Outside the house i would like to have a large garden with flowers and other plants. I would like to have a terrace to live with the family and have a garage
