Exterior de la casa

The house has a small garden at the back, there is a tall hedge around the swimming pool, and we need a taller fence so the dog can't jump over it, the living room has floor-to-ceiling windows and it has huge and brick walls are much safer than wooden ones. Your balcony has some beautiful flowers.

Interior de la casa

- We have a small living room, so our dinner table is only large enough for four people and marble kitchen counters are more durable, but also more expensive.

- I have a room:

- lamp
- clock
- couch/cushion
- Bookshelf
- Armchair
- Rug
- TV
- tea set
- blinds
- curtains
- table
- end table
- case
- telephone
- Remote
