My house is medium, it has a white color as a facade, it has a view that blends with nature, many trees around, flowers and a lot of fields.

The house has two floors, at the bottom, there is the kitchen, which has a table and its respective 6 chairs, with a cupboard, refrigerator, oven, and a space for storing utensils such as plates, forks, spoons. and bases etc. On one side are all the cleaning and cleaning items for the whole house. There is also the room that has the main sofa and bikes, a television and decorations.

On the second floor is the bedroom that has a bed, a small sofa, a closet, a mirror, and a bureau.

In the whole house there is a bathroom that is shared as well as many things.
