Cuatrimestre: segundo

Hi, in this picture that shows the house of my dreams as shown in the picture there is a pool with a beautiful garden and in the house there are many windows and there are corridors.

In the house there is a large kitchen with a refrigerator full of food, a room where there are sofas and there is a TV with a play station.

There are also bedrooms and there is a dining room where there is a large table, there are many chairs and a modern television. Finally, it will have a basement in which things that will not be used will be stored without forgetting that it will also have a large garage to store several cars.
