Nombre del profesor: Liliana Rubí Gutiérrez

Nombre de la Licenciatura: Administración y estrategia de negocios

Cuatrimestre: 2do cuatrimestre

The SpongeBob's house as you enter, we can see his living room in which only has a sofa and a television. Further on we can enter his kitchen where he has his refrigerator, stove, microwave. When we leave the kitchen we can see the stairs and if we go up the stairs we can enter the room of SpongeBob and also his pet which is a snail Gary in his room is his bed a barrel that can be considered as a nightstand, because there is his alarm clock also has a purple rug, if we go out of his room we can see his library in which we can go down through a slide his library is too big he has too many shelves where his books are and there he has an armchair where he sits to read and he also has a beige mat, if we go out of his library, we can find bob's exercise room, where he has a blue mat where bob exercises and we can also see some pictures that bob has some of them are with phrases, then we find bob's bathroom where the first thing we see is his bathtub, he also has a sink, a toilet and a mirror, a toilet and a mirror in which we open it and you can see a first aid kit, bob in his bathroom also has a window, when leaving the house do bob we can see his garden where he has plants or algae, there is one of the places where bob and Gary play this is the house of bob sponge who lives in the bottom of bikini
