What I did on my holidays. I did a lot of things for my holidays. I went to go visit my friends. I also went to have fun with my family. we played lots of different games. I like holidays because I can do many different things while I'm not in school, it also depends on what holiday. For Christmas, my whole family came to my house. We all had a very good time and my favorite part was when it was time to open presents. I got a pretty good amount of presents that I am very grateful for. Another holiday I want to talk about is thanksgiving I like thanksgiving a lot. Like what's there not to love you get to eat a lot of food and be with your family and just be grateful for everything. Those are the things I like to do on different holidays.
