In my vacations, I've just went to my work because we don't have a real vacations in december, because there's a lot of work to do, so the most part of those days, I went to work, then I came to my home to play some videogames, one of those days, I was playing a Call Of Duty torney, with two of my best Friends on pc, and we won, we made a very Good job in that torney, so we just decided to keep pushing and get better for the next time, in the last night I went to my favorite uncle's house, we ate tamales and pizza, to celebrate a new year, My uncle tried to talk me about how much dangerous it's the coca cola to our body, but I did know what to answer, so I just said that i'll tried, so my new year purpose is to stop drinking coca cola anymore, I sure I'm gonna make it.
