Nombre del profesor: LILIANA RUBI GUTIERREZ

Nombre del trabajo: Dates and your plans for the future.

Materia: INGLES III

Grado: TERCER CUATRIMESTRE

Grupo: SISTEMAS COMPUTACIONALES

Comitán de Domínguez Chiapas a 23 de MAYO de 2023 .

Dates and my plans for the future.

1- Write the following dates in English...

*When do we celebrate the Mexican Revolution?

The Mexican Revolution is celebrated on November twentieth.

*On what date was the annexation of Chiapas to México?

The annexation of Chiapas to México was on
September fourteenth, eighteen twenty-four.

*When is Frida Kahlo and Diego Rivera's birthday?

Frida kahlo was born on July sixth, nineteen seven.
Diego Rivera was born on December eighth, eighteen eighty-six.

2- What are I going to do when I finish my degree?

Upon completing my software degree, I am going to be ready to embark on an exciting professional journey. With my solid knowledge in programming and software development, I am going to have several options ahead of me. I am going to seek employment in a technology company, whether it's a startup or an established corporation, where I can contribute to the development of innovative applications, systems, or solutions. Another possibility is to consider starting my own business, establishing a software development company, and offering personalized services to clients. Alternatively, I am going to further my education and specialize in a specific area of software, such as artificial intelligence or cybersecurity. Additionally, I am going to participate in open-source projects, collaborating with fellow developers and contributing to the tech community. Whichever path I choose, I know that my future as a software student holds exciting opportunities in the technology industry.
