Tell me about the last movie you watched (what was the movie about? Did you like it?)

I watched the movie of the Crazy Addams 2, I liked the movie and I laughed a lot, the movie dealt with a somewhat strange family but funny.

Merlina was a scientist and experimented with her uncle Lucas because she wanted to change his attitude. Morticia and Homer were a married couple. The Addams family went on vacation in a big car but their children didn't want to go with them.

Two men looked for Merlina because a scientist wanted to talk to him. The family traveled to Niagara falls although they didn't have fun as a family.

They traveled to a small town where Merlina changed her way she dressed and she danced angry with other girls.

Merlina knew that they were not her parents and the Addams family went to look for their cousin Itt and he helped them.

Merlina went in search of her real father but it was fake she just wanted to steal her experiment.

At the end of the movie, Uncle Lucas saved the family of the mad scientist and Merlina learned that her real family was the Addams family.
