PENAGOS

Nombre de la Licenciatura: enfermería

During the Christmas holidays, I did a lot of things with my friends, we went for a walk, at night to eat hamburgers, I also helped my father with the housework, in the afternoons I dedicated myself to studying, visiting my grandparents and talk with them, during December 24 in the afternoon I dedicated myself to being a waiter and ps I did well, and when I finished work ..... I went to the meeting that my family did, we ate, we danced. I also exercised during the holidays, I went out to play with my friends on the field, chat, about our adventures we had, for a few weeks I attended the Red Cross to cover my guards.

I had a lot of fun during the Christmas holidays, having a good time with my friends, with my family, doing what I like, and I think alone!!
