3.\_OSCAR(OCTOBER SIXTEENTH OF 1854) JULIO(FEBRUARY EIGHTH OF 1828)

#### FUTURE PLANS

what i would like to do when i finish my nursing career is to continue with my studies but this time with a specialty, that is, i would like to do something specifically with my career in addition to one of my biggest dreams for the future is to place a gym and a restaurant since i love cooking not something as a profession but as a hobby and i also consider that i have talent for that

after i achieve that and if i achieve it, then i will work on my career but if i have the possibilities i hope it will not be for a long time because i would like to dedicate more to my businesses than some day i will be able to have with effort, work and dedication
