Tell me about the last movie you watched (what was the movie about? Did you like it?)

I saw the Transformers movie It was about robots that came from an alien planet to Earth by accident when they arrived on Earth, they had to look for a key to be able to return to their planet but other robots that were bad also wanted the key The good ones became friends with a human and a great fight was put together in the city The good guys won and decided to stay to take care of the Earth in gratitude. to the human who helped them the movie I liked but not much because it looked very false
