Write about what you did last Christmas holidays (where did you go? What did you eat? Did you have fun?)

In last christmas, I spent it with my whole family on behalf of my mom. It was fun because I got together with all my cousins we ate a lot, we had apple salad, spaghetti, baked turkey, chicken, pineapple punch on bread and more.

We broke piñatas, my uncles, parents, my grandfather and other people drank alcohol and got a Little drunk.

I didn't go on vacation because my parents wanted to spend christmas and new year with each other's family and we don't like to spend christmas in another state or country, away from our family.
