## THE MOVIE IS CALLED THEY ARE LIKE CHILDREN

the movie is about The death of his basketball coach during his childhood causes the meeting of some old friends, who are seen in the place where they held a championship years ago. The partners talk about their wives and children, and discover that age does not necessarily go hand in hand with maturity

### I liked for:

I liked it a lot because it is a very funny movie that in any of the scenes you can have a good laugh and apart from that, as I told you before, it doesn't matter how old you are as long as you want to have fun you can do it at any time and more With the right people, such as friends, your family, with them you can spend unforgettable moments that are more important to adventures and landscapes than what is material and I like it because it gives a very good reflection, good friends are worth more than luxuries
