“The new cinderella 2”

The last movie I saw was about a girl named Mary who lived with her stepmother and two stepsisters. One day Mary cleaned her house and after she went to school, she entered her new room and met a very handsome classmate named Joey, over time they fell in love. Joey invited Mary to the movies then they walked in the park after two weeks Joey kissed Mary and asked her to be his girlfriend, Mary said yes, they were happy but Mary's stepsisters didn't want to see them happy, then one of the stepsisters entered Joey's room and tried to kiss him just Mary entered Joey's room and saw this, she got angry and left because she was upset the next day joey bought some flowers to give them to Mary and explain to her that what she saw the last night it was a misunderstanding, Mary decided to give Joey a chance, they walked to a coffee shop and drank coffee while they talked, their problems were fixed and they lived very happily.

I found this movie romantic and I liked it a lot.
