¿Qué planeas hacer en tus próximas vacaciones de verano?

On my next summer, I am going to work every day how i usually do it since I usually work every day and study on weekends, therefore I don't have vacations as such just like at work, they don't give me vacations for that time, I only have 3 days of vacations, which would be the weekend, in those days i am going to sleep much that's what I like to do the most then i am going to feed my cats also i am going to lay with them, next my sister and me are going to watch movies and series of Netflix.
