## Treatment and advice

My head hurts a lot, my stomach hurts and my ~~eyes~~ eyes burn.  
What do you recommend?

I recommend some aspirin for the headache and that you get enough sleep.

For your stomach I recommend chamomile tea and a chicken soup so you don't have diarrhea.

And for your eyes, apply some drops and, don't use the computer much and sleep for hours.

That's fine thanks.

It is what you can take, but the most important thing is that you rest well if you do not rest the treatment will not work.
