Que planeas hacer después de que termines tu carrera?

After completing my Nursing Degree, I am looking forward to embarking on my future plans. First of all, I am going to pursue a specialization in intensive care nursing. I believe that this area gives me the opportunity to have a significant impact on the lives of patients and contribute to their well-being. In addition, I am going to look for a job in a trusted hospital or medical center where I can apply my knowledge and skills. I am confident that this experience will further enhance my clinical experience and allow me to grow professionally. Likewise, I will continue to expand my knowledge through advanced certifications and I will attend professional conferences. Ultimately, I am determined to become a competent and compassionate nurse, providing an exception to those who need it.
