**When I have a job as a nurse, I am going to work in a hospital in the pediatric area where I can improve personally and professionally. I am going to also take care of children to help promote health and prevent diseases. Then I am going to invest in a personal project that consists of building a private consulting room where we will provide a quality service and likewise contribute to society at an affordable price for everyone. I am going to build a pharmacy where you can find quality medicines and affordable prices. After specializing, I am going to prescribe medicines and offer brochures for disease prevention and healthy lifestyles.**
